

## MOBILE BENEFITS APP

*Want to check your healthcare account balances and submit receipts anywhere, anytime from your device? Goldleaf Partner's Mobile Benefits does this and so much more!*

Goldleaf Mobile Benefits enables you to easily and securely access your healthcare savings accounts on the go from any iPhone, Android, or tablet.

### *Self-service functions put you in control*

With Goldleaf Mobile Benefits you can:

- » View account activity and receive alerts via text message
- » View FSA, HSA, and HRA balances and transaction details
- » Review expense information
- » Enter a new expense
- » Submit health care claims and upload receipts using your device's camera
- » Promptly file claims for your reimbursement accounts

As an extension of the Goldleaf Partners portal, Goldleaf Mobile Benefits provides you with seamless account information and doesn't require you to set up additional credentials. Now, by using your smart phone, you can access your FSA, HRA, and HSA account balances and know how much money you have available to spend on qualified medical expenses at the time of purchase.

### *Experience the Gold Standard*®

Goldleaf Partners delivers user-friendly solutions that provide you and your employees with the functionality and reliability you need to offer worry-free, consumer-driven healthcare accounts. You receive a simpler and more personal experience that results in greater tax savings for you and your employees. We provide you with a dedicated client relationship manager and a benefits administrator who understand your unique business needs and the daily operations of your plan. Together, this dedicated team will encourage participation, enhance compliance, and reduce the complexity of managing your employee benefits.
