

## Goldleaf Mobile Benefits

The healthcare app that's made for mobile but *designed for you.*

Want to check your healthcare account balances and submit receipts anywhere, anytime? There's an app for that!

Goldleaf Mobile Benefits enables you to easily and securely access your healthcare spending accounts. You can view account balances and detail, submit healthcare account claims, and capture and upload pictures of your receipts anytime, anywhere on any iPhone, Android, or tablet device. You can also sign up to receive account alerts via text message.

### **But wait, there's more to it...**

It takes a special understanding of use and purpose to design a mobile app for handheld devices like smartphones and tablets. So we've focused on just that – smart, purposeful design. And the result? A simple, intuitive experience for you. This means things like “easy-in/easy-out access” to common tasks like capturing receipts and viewing balances, and pictures and words that make sense. Try it and you'll see how we're simplifying the business of healthcare.

Goldleaf Mobile Benefits, the newest mobile app from Goldleaf Partners, provides time-saving options for you to do the following\*:

- Check current health care account balances (FSA, HSA, and HRA)
- View account activity and receive alerts via text message
- View FSA, HSA, and HRA transaction details
- File new claims with receipt images
- Review expense information
- Enter a new expense
- Submit health care claims and upload receipts using the mobile device's camera
- Manage expense receipts
- Promptly file claims for their reimbursement accounts

Goldleaf Mobile Benefits provides you with seamless account access since it is an extension of the Goldleaf Partners portal – and doesn't require you to set up any additional credentials. Now by using your smartphone you can access your FSA, HRA, and HSA account balances and you'll know how much money you have available to spend on qualified medical expenses at the time of purchase.
